NOTICE

When you receive this price list, do not throw it into the waste basket. Send in your order at once, so we can save you the best trees and plants, as sometimes later in the season we run short of larger trees. If your order amounts to \$10.00 or more, we will ship them freight prepaid to your nearest station, C. O. D. It is impossible for me to get all over my territory in person, so you had better send in your order and not wait on me. All trees and plants that died last year will be replaced at half price, according to our contract. You buy from the Nursery and get the best trees and save money.

Write us.

OUR facilities each year are increasing, and no pains will be spared to make each and every order that we are intrusted with worthy of the confidence thus bestowed, and will warrant the trees unsurpassed by any other nursery. We superintend all packing and if any mistakes occur we will give satisfaction if notified within ten days.

While I am extremely careful in having my trees and plants true to name and free from mixture, mistakes may occur, and it is therefore mutually agreed between the purchaser and myself that I will be held responsible only so far as to replace such trees as, upon proper proof, may be found untrue to label, or refund the amount originally received for same.

Please remember this: If you name certain varieties wanted, always state whether we may substitute for them others of a similar character should we be out of those ordered.

For spring shipment get your order placed by March 25, and for fall by Oct. 20. Send in your orders early and secure the best trees and plants. Please write distinctly your name, address and shipping directions. Correspondence solicited at all times and promptly answered. Send list for special prices on large lots.

The shipping season begins about April 10 to May 30, and October 1 and continues until the ground is frozen. Packing done in the

best possible manner and only the usual charge made for same.

Our stock is all young and thrifty and has made a fine growth.

Personal inspection solicited. Location: $\frac{1}{2}$ mile north of Carrollton on Steubenville and Canton pike.

Remember, we grow everything, and anything you don't see in the list write us about what you want and we can furnish same.

J. B. BIRCH NURSERY CO.

PRICES quoted in this list is stock at the nursery or on board cars at Carrollton. Terms cash, unless otherwise agreed upon. Packing done in the best manner, in bales or boxes, free of cost; no charge for delivering boxes at the railroad. All articles after leaving my hands in good condition, are entirely at the risk of the purchaser; and no complaint will be allowed, unless made within 10 days after receipt of goods. Prices quoted are the lowest and guarantee first-class stock.

We have over 100,000 trees and plants for sale and have been in the nursery business 38 years. The nursery is inspected each year and each shipment is accompanied by a certificate of the State Examiner.
